HIGH LIGHTS OF THE **MEXICAN REVOLUTION** OR

MEXICO FROM CORTEZ TO CARRANZA

By Dr. JOHN LEWIN McLEISH

The Most Vital Book of the Hour-The Source of Mexico's Troubles REVEALED

With congressmen recommending that a full investigation of the Mexican situation be not held because to do so would surely bring about warfare; with the public attention centered on Mexico and Mexican attention centering on American action rather than on the possible action of Villa or other revolutions it behooves the Protestant people of these United States to get posted and stay posted.

The daily press does not print the real truth about Mexico for the same reason that it refuses to expose the manipulations of the hierarchy in matters dealing only with American politics.

Patriotic Mexicans are interested in seeing the book which we are here advertising circulated widely among the Protestant people of this country. This fact is demonstrated in the letter which we print just beneath this advertisement. Read that letter and order your copy of "High Lights" right now.

John Lewin McLeish, Esq., Cincinnati, Ohio. Dear Dr. McLeish:

It was with great pleasure that I received your letter of the 28th inst. together with the book entitled "High Lights of the Mexican Revolution,"

which you so kindly sent me.

I highly appreciate your good work on behalf of the good relations between our two countries, especially at this time when the Imperialists of this and other countries seem to have let loose the most perverse instincts to provoke a conflict with Mexico, availing themselves of the most infamous pre-

The reactionary elements of Mexico, allied with the believers of "dollar diplomacy" in this country and with the clergy, have opened a campaign to deceive the American public, making it believe in the necessity of restoring, with the aid of American lives and bayonets, the old regime of privileges and monopolies which existed before in Mexico.

I am, my dear Dr. McLetsh,

Very sincerely yours, Y. BONELAS, Ambassador of Mexico.
